## Experience

### Founder / Developer IPO.se (Startup)

2017–present

IPO.se develops a new platform for IPO's (Initial Public Offering). The goal is to collect all information/news related to IPO's and bring it to the visitors in an easily accessible way. IPO.se currently consists of three peoples.

My role as both founder and developer includes everything related to IT and design. For example, developing the platform and ensure that we always use the latest technologies and software. I also have a central role in business development and strategies.

### Founder / CEO Lundgren Design AB

2010–present

Lundgren Design is a creative web agency, with the focus to provide custom-made solutions within web development and UX/UI. We built everything from serverless Gatsby websites powered by CMS like WordPress / Contentful to more complex applications like CRM systems.

As a founder, I've taken care of everything from writing code to business development and economics/bookkeeping.

### AI / ML

### Social

**Board member / Head of Marketing**  
**Börsgruppen, Linköping University**

**2014–2016**

The finance society at Linköping University, Börsgruppen is Sweden's largest organizations for students interested in finance. As a board member in Börsgruppen I was responsible for all marketing but also planning of large economy-related events for the students at LiU.

I was also president for the marketing committee. The marketing committee was responsible for all marketing jobs like campaigns in social media, printed matters, and web. I've also built the website for Börsgruppen..

**[www.borsgruppen.se](http://www.borsgruppen.se)**

**IT Developer**  
**Letsfaceit Nordic AB**

**2016**

As a developer at Letsfaceit I created their own custom-made Customer Relationship Management System (CRM). The system uses their existing customer database (SAP Business One) through a custom API solution. The system was built with Node/JavaScript + React+Redux Framework and connected to a NoSQL database (MongoDB).

**Board member / Head of IT**  
**Student café Baljan, Linköpings universitet**

**HT15–HT17**

As head of IT for Baljan I'm responsible for everything within IT management and website maintenance. I've also worked with updates for Baljans own-developed IT system in Django/Python and development for a new website (live now).

**[www.baljan.org](http://www.baljan.org)**

## **Education**

**Linköping University**  
**- Institute of Technology (LiTH)**

**B.Sc in Computer Engineering**

**2013-2016**

**M.Sc Computer Science (Large-scale software development)**

**2017–Present**

Computer Engineering with focus on software developing. Master of Science in Computer Science with a profile in large-scale software development.

**ÅVA Gymnasium - Täby, Stockholm**  
**- Technology - Innovation & Design**

**2008–2010**

Read university preparatory courses such as Physics B, Mathematics D & E, and advanced courses in 3D modeling and CAD (CAD B, C and D). I also read courses within business economy and legal knowledge.

## Other

### devX STHLM (Hackathon)

2018

#### Spotify AB

I participated in Spotify devX 2018 A social app to match with peoples that have the same current mood as you based on a selected playlist. **Link to repo:** <https://github.com/lundgren2/spotify-devx2018>

### AKTIER (FB-group)

2017

Created cover pictures for the facebook group AKTIER with 48k+ followers.

### Spotify Tech Challenge (Hackathon)

2016

#### Spotify AB

I participated in Spotify Tech Challenge 2016 with a location based / Geotagging app called Dropify. The idea was to "drop songs" with a message in different locations so other can pick them up and listen to them. We used Spotify API ([https:// developer.spotify.com/web-api/](https://developer.spotify.com/web-api/)) and Google Maps API.

### Sales/Marketing

2015/2016

#### People Partner

I worked with sales and marketing campaign for Skanska Nya Hem and also as a promoter for a Zinfandel wine on a wine convention of Svenska Dryckesmässor.

### Corporate Host (Cygni)

2017

LINK

### Corporate Host

2015

LARM

### Logistics

2014

LARM

### Founder/Writer

2010-2014
